

LARGE GROUP GAME

EGG ROLL

ITEMS NEEDED:

Three hardboiled eggs in shells
Colored masking tape

INSTRUCTIONS:

Tape two lines on stage, five feet apart. Choose three players. Set the eggs on one of the two taped lines, and have the kids line up on all fours behind them. The kids will roll their eggs across the stage toward the second line using only their nose. The first person to cross the finish with their egg wins.

VARIATION:

To make it more challenging, put a bunch of plastic eggs on the floor for the kids to have to push their egg through.
